

August 6<sup>th</sup> August, 2014

***To Whom It May Concern.***

**Subject: Re-labeling of Product from 'Ashland' to 'Solenis'.**

Dear Sir / Madam,

As a result of the global sale of the Ashland Water Technology (AWT) Division, from August 1<sup>st</sup>, 2014, this Division will independently carry on under the new company name of "Solenis".

All materials which are registered under AWT and are a part of the global sale will be transferred to, and registered under, the new company name of "Solenis".

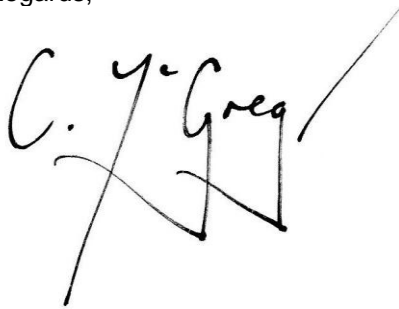

Both "Ashland" and "Solenis" declare that all Ashland labels and documentation will be eventually replaced by Solenis labels and documentation.

The re-labeling process will start as from August 1<sup>st</sup> 2014, and will take approximately 90 days to be finalized. From August 1<sup>st</sup> 2014, all invoices will be "Solenis" signed.

During this "re-labeling overlap period" from "Ashland" to the new "Solenis", it is possible that materials and shipments could have Solenis labeling, Ashland labeling or even a combination of the two Company names (including SDS, labels, etc.). In all cases, the actual content of the labels and documentation will be correct and valid.

We apologise for this situation but assure you that we are working to complete the transition as soon as possible.

Regards,

Chris McGregor
